

IN THE
2ND DISTRICT COURT - FARMINGTON
COUNTY OF DAVIS, STATE OF UTAH

State of Utah vs. JASON GUY ROGERS Date of Birth: 08/01/1980	Affidavit of Probable Cause
Arrestee	

On 05/20/2025 16:38 the defendant was arrested for the offense(s) of:

	Offense Date	Offense Description	Statute	Gov Code	Severity	DV
1	05/09/2025	ELECTRONIC COMMUNICATION HARASSMENT	76-12-202(2)+(3A)	UT	MB	No
2	05/20/2025	STALKING	76-5-106.5(2)+(3)	UT	MA	No

I believe there is probable cause to charge the defendant with these charges because:

On May 12, 2025 I was assigned to investigate above mentioned arrestee, JR for electronic communicates harassment against the victim. I learned that the victim is a current elected official and had recently proposed some changes to a city flag. After this proposal was made public it was posted on the victim's X (Twitter) account. After it was posted on X, a couple of comments by username @JasonRo801 were made in reference to the proposal. One of the comments posted by JasonRo801 was on May 09, 2025. This comment stated "When you see her and her family end them immediately. Utah will rise up". Another comment on the same day stated "When you see a mendenhall. End there life immediately". These comments were posted on the victim's elected official page, which the victim would have direct access to see.

The Salt Lake City Police Department was made aware of these comments for the safety of the victim. After receiving the information SLCPD requested SIAC find who owns username @JasonRo801. During the investigation they discovered the account belonged to the arrestee, JR. They found that JR currently resides in Farmington and turned the investigation over to the Farmington Police Department.

Having all of this information I was able to locate JR on May 20, 2025 and read him his Miranda Rights. I then questioned him about the comments made through his account. JR told me that he did make comments about being upset over the changing of the flag proposal. However, he denied making any comments that would indicate he threatened anybody. He told me he believed his account must have been "hacked" when those specific comments were made. At this time I ended contact with HR for further investigation.

However, about an hour after making contact with JR on May 20, 2025 I was made aware that another comment was made on the victim's X account an hour prior. The comment was from JasonRo801 again. This comment read "Time for action". Then about another hour after the comment, I was made aware that JR was currently at the victim's place of work. The security personnel were currently watching JR on their security cameras. (They are aware of the situation and were on the look out for JR). Security personnel observed JR pull his truck into the parking lot and then approach the building on foot. JR then walks around the building with his phone out. JR attempts to walk into the building by some side entrance doors. These doors were locked. JR then walks to the main entrance and was about to enter the building. Security personnel made eye contact with JR from inside and JR then turned around and walked to his truck. He then drove from the area. (JR's truck was identified by SLC's license plate reader system.)

Based on JR making a comment about taking action and then showing up at the victim's place of work, law enforcement was able to locate JR and arrest him for Electronic Communications Harassment and Stalking.

I believe these to be additional condition(s) for continued detention:

The current offense is a felony. There is substantial evidence to support the charge, and through clear and convincing evidence that ? would constitute a substantial danger to any another individual or to the community, or is likely to flee the jurisdiction of the court if released on bail.
The arrestee has made death threats to the victim. The arrestee then showed actions and behavior to back up his threats by going to the victims workplace.
